

Verdelli International Srl

EQUIPMENT AND SPARE PARTS
LIFTING, PILING, EARTHMOVING MACHINERY
DEMOLITION TOOLS

Our machines available for rent

- Link-Belt LS-108B, completely overhauled, engine GM 4/71 overhauled, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 2 winches with lowering control, track pad 900 mm
- Link-Belt LS-108B, well maintained, engine GM 4/71, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 1 winch with lowering control, track pad 900
- Link-Belt LS-108B, very well maintained, engine AIFO, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 1 winch with lowering control
- Link-Belt LS-108B, completely overhauled, Engine GM 4/71 completely overhauled, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 1 winch with lowering control, independent swing and travel, industrial crawler 900 mm
- Link-Belt LS-108B, overhauled, engine GM 4/71 with Allison converter, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 2 winches with lowering control, track pad 900 mm
- Link-Belt LS-108B, controlled, engine GM 4/71 with Allison converter, capacity 41 metric tons, angular boom 18 m, A+B counterweights, 2 winches with lowering control, track pad 900 mm
- Link-Belt LS-108HD, completely overhauled, engine GM 6/71 with converter Allison, capacity 47 metric tons, angular boom 18 m, counterweight A+B+C, 2 winches with lowering control, industrial crawler unit 910 mm
- Link-Belt LS-118, in very good conditions, engine GM 6/71 with converter 168 HP 1800 r.p.m., lifting capacity 55 tons, boom 15 m, counterweights 15 tons, independent swing, lowering control
- Link-Belt 318, completely overhauled, engine CAT 3306, capacity 80 ton, angular boom 36 m, A+B+C counterweights, 2 winches with lowering control, independent swing and travel, track pad 900 mm
